Spray	#12542, #12554
Swirl	#3291, #3292

Some nozzles need an adapter or holder. Which one, for each nozzle, is on the gun's page (scan the code).

Choose it if you

- Want one gun for beads and spray, with quick glue changes by cartridge, PUR included.
- Want a proper spray: the spray air is heated and set separately from the glue air.
- Want to start straight away: the stand with its two pressure regulators comes with it (you need compressed air).

Where it works well

Foam & upholstery · Fabric & nonwovens · Plastics

Good places to start, not the only ones. Tell us your job.
